Interim Presentations to be held on July 1 to 4

By Dr. Bunichiro Shibazaki, Director of IISEE

On July 1 and 4, we held interim presentations for the ST and E courses. In this session, all participants presented the interim results of their individual study. We believe that these presentations can be a good practice for research presentations. The presentations were held jointly for the ST course and separately for the E course. To prevent COVID-19 infection, we took measures such as using a large room, as we did last year. In addition, two Tongans who are still in their home countries participated online and gave presentations. Participants undergoing individual training in distant locations also presented online.

We hope that the trainees will continue to work vigorously on their research and take good care of their health so that their efforts will not be in vain.

Call for Papers

IISEE Bulletin is now accepting submissions of papers for the seismology, earthquake engineering, and tsunami. Developing countries are targeted, but are not limited.

Your original papers will be reviewed by the editorial members and some experts.

NO submission fee is needed.

Try to challenge!!

IISEE updates brochure and flyer

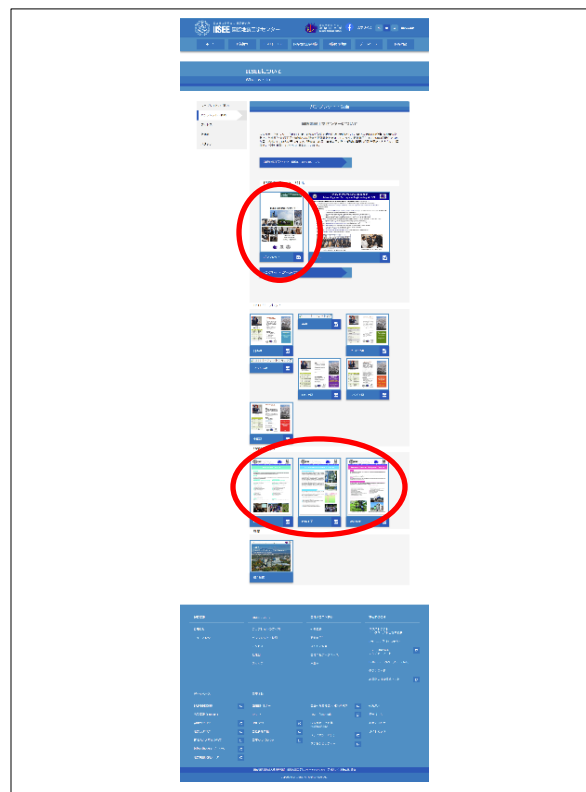

By Mr. Takahiro Yamada, Head of Administration Division, IISEE

IISEE has updated our brochure and flyer and made them available on our website at the URL:

<https://iisee.kenken.go.jp/en/about/brochure/>

This brochure and flyer introduce the IISEE and each training course and outlines the application process.

Please take a look at it if you are thinking of participating in the IISEE Training Course. We would also appreciate it if you could use this brochure to encourage young researchers around you to apply for our Training Program.

Release IISEE introductory video

By Mr. Takahiro Yamada, Head of Administration Division, IISEE

Contact Us

The IISEE Newsletter is intended to act as a go-between for IISEE and ex-participants.

We encourage you to contribute a report and an article to this newsletter. Please let us know your current activities in your countries.

We also welcome your co-workers and friends to register our mailing list.

We released the IISEE introductory video on the IISEE website and the Facebook.

Web site : <https://iisee.kenken.go.jp/en/about/brochure/>

Facebook : <https://www.facebook.com/IISEE.Japan/>

The history, activities of IISEE and the training program are introduced in the video.

We would appreciate it if you recommend watching the video to young researchers who consider applying for our Training Program around you.
